

CHANGES TO IN-CAMP TRAINING FOR FIRE STATION EMERGENCY MEDICAL TECHNICIAN (FS-EMT)

1. REFRESHER TRAINING

- Ambulance ops e.g. stretcher handling, airway management, Zoll XA
- Home Team First Aid Course

2. PROFICIENCY TEST

- Revised MSPT-B
New topics e.g. stretcher drill, Zoll XA proficiency, priming IV drip set, etc.
- First Aid, CPR & AED Certification
- Must pass both to be operational as 3rd crew member.

3. STATION DEPLOYMENT

- Total of 9 duties
- Deployed as 3rd crew member

"...Optimal use of our time..."
"...(include) new stuff that has been implemented..."
"...Not bad..."

Some FS EMT's views

Revised ICT Programme

(With effect from 1 April 2024)

Refresher training on ambulance operations	MSPT/First Aid, CPR & AED course and certification	Station deployment (on EMS Rota shift)	Total
2 days	3 days	18 days	23 days

1. Valid nationally-recognised CPR, AED and First Aid certificate
2. ICT duration extended to 23 days
