INTERPRETATING THE COS TRANSCRIPT

(a) Length of Service

The COS Transcript states whether the NSF has completed FTNS and the duration.(see ‘Service Status’ on Transcript). **Table 1** provides a summary of the duration of full-time NS that NSFs would serve.

Table 1: Duration of full-time NS

Duration of FTNS	Interpretation
2 years	Marks the completion of two years of full-time NS obligations
1 year 10 months	Applies to NSFs who have done well in fitness tests before enlisting and complete their full-time NS obligations within a period of one year and ten months.
Less than 1 year 10 months	Applies to NSFs who did not complete their full-time NS, due to reasons stated at ‘Reason for Release’.

(b) Performance and Conduct Grading

NSFs are assessed and graded based on their work performance and conduct. The COS Transcript reflects the performance and conduct grades based on the scale of “Outstanding”; “Very Good”; “Good”; “Satisfactory; and “Unsatisfactory”. Employers are encouraged to refer to these grades to help them in their assessment of potential hires’ aptitude and attitude. The grades are explained in **Table 2**.

Table 2: Explanation of Performance and Conduct Grades

Outstanding	Given to servicemen who go over-and-above their call of duty in their day-to-day work performance, or display exemplary attitude, commitment and impressive personal qualities in their conduct.
Very Good	Given to servicemen who have shown a high level of proficiency in terms of performance, and positive attitude and bearing in terms of conduct.
Good	Reflects above average performance and conduct.
Satisfactory	Reflects the average performance that is expected of a serviceman holding an appointment, or the minimum standard of conduct.
Unsatisfactory	Reflects consistently below average performance, or poor conduct.

Some NSFs may receive ‘Non-Assessable’ grades. This arises if their commanders are unable to provide an appropriate assessment of their conduct and performance (e.g. away for prolonged periods).

(c) Highlighting National Accreditation

During full-time NS, NSFs may obtain Workforce Skills Qualification (WSQ) and other accreditations for NS courses that they have attended. The WSQ is a national skills credential system based on industry standards. These accreditations will be reflected on the COS Transcript under 'Military Experience'.

The ongoing effort with SkillsFuture Singapore to obtain accreditation for more NS skills will increase opportunities for NSFs transiting to the workforce.

(d) National Service Milestones and Achievements

To better reflect the NS experiences and achievements, the COS Transcript will now include significant events that the individual NSF had gone through and reflect personal accomplishments.

A glossary of NS milestones and achievements can be found [in the following page](#).

(e) Military Regular Service

MINDEF/SAF issues COS to two groups of servicemen when they leave service: (i) NSFs; and (ii) military regulars.

- (i) Other than NSFs who served full-time NS, former regulars who revert to NSFs will also receive the NSF COS package. The duration of full-time NS and regular service served will be reflected on the Transcript under 'Service Status'.
- (ii) NSFs who sign on as military regulars during their full-time NS will be issued the regular service COS upon exit from regular service. Their duration of full-time NS served, if any, will be reflected on the Transcript under 'Length of Service'.
